

The DR® FIELD and BRUSH MOWER

The heavy-duty, walk-behind mower that cuts head-high weeds, brush, even saplings up to 2-1/2" thick!

HAND BRAKE

on ALL-TERRAIN™ models can also be locked in "park" for storage or transport.

SOLID STEEL, 1" DRIVE AXLE

is mounted on heavy-duty ball bearings.

17 HP V-Twin COMMERCIAL

...maximum power and width of cut for the fastest results!

- 30"-wide cut • Cuts head-high grass/weeds, 2-1/2" thick saplings
- 4-speeds, power reverse • 18" diameter, sealant-filled tires • Accepts multi-use attachments
- Spin-on oil filter • Full-pressure oil lubrication
- 358 lbs. Electric-Starting

17 HP KAWASAKI V-TWIN CYLINDER ENGINE: Overhead valve, cast-iron cylinder sleeves, 2.5 gallon fuel tank with fuel gauge, Anti-Vibration System, spin-on oil filter, full-pressure oil lubrication, pulse-type fuel pump, in-line fuel filter, Made in U.S.A., 2-Year engine warranty for residential use; 2-years for commercial use.

HEAVY-DUTY, 3/4" STEEL BLADE SPINDLE

is mounted on ball bearings at both the top and bottom of the shaft.

SELF-ADJUSTING, HEAVY-DUTY #40 DRIVE CHAIN

for years of trouble-free durability.

GEAR-DRIVEN TRANSMISSION

provides multiple ground speeds to match your walking pace, plus power reverse.

DIFFERENTIAL AXLE

allows the wheels to turn at different speeds...for easy turning.

BLADE CLUTCH/BRAKE

enables you to drive the mower without the blade turning...and provides a positive braking action to the blade when you release the blade control lever at the handlebar.

HEAVY-DUTY AIR-TIP BLADE

mows everything from weeds and grass, to thick brush and saplings!

PIVOTING MOWER DECK

on ALL-TERRAIN™ models (11, 13, 15 and 17 HP) follows the contours of the ground by pivoting 12 degrees to each side. This minimizes scalping and helps improve traction by keeping more weight on the drive wheels.

Add versatility to your DR® with these 4-season attachments:

42" Wide Lawn Mower Attachment!

This professional-style attachment installs in minutes in place of the FIELD and BRUSH MOWER deck! 12-gauge steel, with 2 high-lift mulching blades for a level, clean cut. Front caster wheels swivel in any direction for fast, easy turning. Rear stabilizer wheels prevent scalping. Single-point height adjustment from 2" to 4-1/2".

30" Wide Snow Thrower Attachment!

Built like most tractor-powered throwers, this powerful, single-stage attachment quickly chews through dry or wet snow, and towering snowdrifts. Discharge chute rotates 230 degrees and throws snow up to 30 feet. Adjustable skid shoes.

42" Wide Snow Blade Attachment!

Perfect for clearing away snow from moderate-sized driveways and sidewalks. The blade is made of 11-gauge steel. Locks in right, left, or center positions. Skid shoes are adjustable.

OTHER OPTIONS...

- Tire Chains
- Halogen Headlight
- Control-Panel Mounted Hour/RPM Meter

WHICH DR® Model is Right for You?

7 HP SCOUT™

...our lightest, easiest-handling DR® is perfect for smaller properties!

- Cuts foot-high grass, 3' weeds, 3/4" thick saplings • 22"-wide cut • 3-speeds, power reverse • 14" diameter, 6"-wide tires
- 195 lbs. Manual Starting

7 HP BRIGGS & STRATTON INTEK® ENGINE: Overhead valve, cast-iron cylinder sleeve, 1.6-quart fuel tank, Manual-Starting with automatic compression release, Made in U.S.A., 2-Year engine warranty for residential use; 1-year for commercial use. Note: SCOUT™ model does not accept optional attachments.

11 HP I/C™

...big, overhead valve power, and 4-season versatility!

- 26"-wide cut • Cuts waist-high grass/weeds, 1-1/2" thick saplings • 4-speeds, power reverse • 18" diameter, sealant-filled tires • Accepts multi-use attachments
- 330 lbs. Electric-Starting

11 HP BRIGGS & STRATTON I/C ENGINE: Overhead valve, cast-iron cylinder sleeve, 2.5 gallon fuel tank with fuel gauge, Anti-Vibration System, Made in U.S.A., 2-Year engine warranty for residential use; 1-year for commercial use.

13 HP OHV-Plus

...the extra muscle you need to tackle big jobs FAST!

- 26"-wide cut • Cuts waist-high grass/weeds, 1-1/2" thick saplings • 4-speeds, power reverse • 18" diameter, sealant-filled tires • Accepts multi-use attachments • Spin-on oil filter
- Full-pressure oil lubrication • 333 lbs. Electric-Starting

13 HP BRIGGS & STRATTON INTEK ENGINE: Overhead valve, cast-iron cylinder sleeve, 2.5 gallon fuel tank with fuel gauge, Anti-Vibration System, spin-on oil filter, full-pressure oil lubrication, Made in U.S.A., 2-Year engine warranty for residential use; 1-year for commercial use.
