BRIGGS & STRATTON 825 SERIES ENGINE
 (8.25 ft-lbs torque): Overhead valve, 1.6-quart fuel tank, cast-iron cylinder sleeve, spin-on oil filter, pressurized lubrication, 2-year engine warranty for residential use; 1 year for commercial use.

TRIM AND MOW THE EASY WAY! GET 5X THE POWER OF HAND-HELD TRIMMERS!

Hand-held string trimmers are no match for the powerful **DR® TRIMMER/MOWER**.

With a powerful engine, this machine has the muscle to mow stubborn weeds without wrapping or tangling. Gliding along on its front-mounted Mow-Ball® Support, the TRIMMER/MOWER maneuvers easily in any direction and quickly takes care of any trimming job. Precise control allows you to trim your entire property with beautiful results. And big, easy-rolling wheels support the machine...instead of your arms, neck and back.

8.25 COMMERCIAL MODEL SHOWN

SAFETY BRAKE/CLUTCH on every model means the cords stop spinning as soon as you let go of the bail bar, without stopping the engine.

LIFETIME WARRANTY covers the aluminum mainframe on all PRO, COMMERCIAL and SELF-PROPELLED COMMERCIAL models against cracking or breaking under normal use.

PATENTED PARALLEL TRIMMING ACTION (PTA®) FEATURE allows you to easily swing and tilt the cutting head to the left side, well beyond the left wheel, for crisp trimming along any border. (Not available on Self-Propelled model.)

FULLY PROTECTED DRIVE TRAIN is enclosed underneath by a high-density polyethylene bottom shield. This protects the undercarriage of your machine from sticks, cut vegetation, and debris for longer belt life.

PATENTED WIDE-BODY TRIMMER HEAD is guaranteed not to tangle — even when mowing thick, waist-high vegetation.

PATENTED CORD ATTACHMENT SYSTEM is the easiest ever developed. No tools, no knots required...plus you can choose from 6 cutting height adjustments (1-1/2" to 4") at the same time you attach your cords.

PROTECTED BY A 2-YEAR WARRANTY against defects in materials and workmanship in residential use; 90 days commercial use.

BUILT WITH PRIDE
 All DR TRIMMER/MOWERS are proudly made in the USA.
