

TAKE CONTROL OF YOUR OVERGROWN PROPERTY. CUT 6-FOOT WEEDS, BRUSH, AND TOUGH SAPPLINGS!

For all-around versatility, nothing beats the Walk-Behind DR® FIELD and BRUSH MOWER.

The machine's narrow width gets you in between tightly spaced trees. Wide tires smooth out bumpy terrain and dig in when the going gets rough. High-torque engines provide the power to take out anything that grows — even if it's 2-1/2" thick. And a selection of easy-on/easy-off powered attachments lets you do more, all year round.

So clear a trail, take back a meadow, or thin an overgrown woodlot. With a walk-behind model, the ways to improve your property are endless.

DISC BRAKE (on 11.5, 13, 15 and 17 HP models) can be locked in place to keep the machine from rolling when parked on an incline.

HEAVY-DUTY, 3/4"-STEEL BLADE SPINDLE is mounted on ball bearings at both the top and bottom of the shaft.

GEAR-DRIVEN TRANSMISSION provides multiple ground speeds to match your walking pace, plus power reverse.

LOCKING DIFFERENTIAL...locks with a lever at the control panel for maximum traction...unlocks for easy turning. (8.25 SCOUT® model uses standard differential.)

SEALANT-FILLED HIGH FLOTATION LUG TIRES
An aggressive tread provides excellent traction while the wide footprint minimizes ground compaction. Tires are filled with a liquid sealant that fills punctures and prevents leaking.

MULTI-PURPOSE BRUSH BLADE cuts everything from weeds and grass, to thick brush and saplings.

PIVOTING MOWER DECK (on 11.5, 13, 15 and 17 HP models) follows the contours of the ground by pivoting 12 degrees to each side. This minimizes scalping and helps improve traction by keeping more weight on the drive wheels.

ELECTRIC CLUTCH FOR BLADE ENGAGEMENT enables you to drive the mower without the blade turning...engages/disengages with the push/pull of a button at the control panel. (Not available on 8.25 SCOUT® model.)

PROTECTED BY A 2-YEAR WARRANTY against defects in materials and workmanship in residential use; 90 days commercial use.

15 HP V-TWIN PRO

...twin cylinders, fuel and oil pumps make this model especially well-suited for tough jobs and slopes.

- 26"-wide cut • Cuts 2"-thick saplings • 4 speeds, power reverse
- 18"-diameter, sealant-filled tires • Accepts attachments
- 342 lbs. • Electric-Starting

15 HP KAWASAKI FH430V V-TWIN ENGINE (21.5 ft-lbs torque):

Overhead valve, cast-iron cylinder sleeves, 2.5-gallon fuel tank with fuel gauge, anti-vibration system, spin-on oil filter, full-pressure oil lubrication, pulse-type fuel pump, in-line fuel filter, 2-year engine warranty for residential or commercial use.

BUILT WITH PRIDE

All DR FIELD and BRUSH MOWERS are proudly made in the USA.

8.25 SCOUT®

...our lightest, easiest-handling model is perfect for smaller properties.

- 22"-wide cut • Cuts 3/4" thick saplings
- 3 speeds, power reverse • 14"-diameter, 6"-wide tires • 195 lbs. • Manual-Starting

BRIGGS & STRATTON 825 SERIES ENGINE (8.25 ft-lbs torque):

Overhead valve, cast-iron cylinder sleeve, 1.6-quart fuel tank, Manual-Starting with automatic compression release, 2-year engine warranty for residential use; 1 year for commercial use. Note: SCOUT® model does not accept optional attachments.

11.5 HP I/C

...big, overhead valve power, and 4-season versatility.

- 26"-wide cut • Cuts 1-1/2"-thick saplings • 4 speeds, power reverse • 18"-diameter, sealant-filled tires • Accepts attachments • 334 lbs. • Electric-Starting

11.5 HP BRIGGS & STRATTON I/C ENGINE (19.45 ft-lbs torque):

Overhead valve, cast-iron cylinder sleeve, 2.5-gallon fuel tank with fuel gauge, anti-vibration system, 2-year engine warranty for residential use; 1 year for commercial use.

13 HP OHV-PLUS

...the extra muscle you need to tackle big jobs FAST.

- 26"-wide cut • Cuts 1-1/2"-thick saplings • 4 speeds, power reverse • 18"-diameter, sealant-filled tires • Accepts attachments • 334 lbs. • Electric-Starting

13 HP BRIGGS & STRATTON INTEK ENGINE (19.72 ft-lbs torque):

Overhead valve, cast-iron cylinder sleeve, 2.5-gallon fuel tank with fuel gauge, anti-vibration system, spin-on oil filter, full-pressure oil lubrication, 2-year engine warranty for residential use; 1 year for commercial use.

17 HP V-TWIN COMMERCIAL

...maximum power and cutting width for the fastest results.

- 30"-wide cut • Cuts 2-1/2"-thick saplings
- 4 speeds, power reverse • 18"-diameter, sealant-filled tires • Accepts attachments • 358 lbs. • Electric-Starting

17 HP KAWASAKI FH500V V-TWIN ENGINE (29.70 ft-lbs torque):

Overhead valve, cast-iron cylinder sleeves, 2.5-gallon fuel tank with fuel gauge, anti-vibration system, spin-on oil filter, full-pressure oil lubrication, pulse-type fuel pump, in-line fuel filter, 2-year engine warranty for residential or commercial use.
